Saints Peter and Paul, apostles

To the National Minister and  
National council of the OFS in Great Britain

Dear Brothers and Sisters,

May the Lord give you his peace!

We are glad to attach the Decree of approval of the Statutes of the National Fraternity of Great Britain.

Having completed this work, in the name of the CIOFS Presidency, I'd like to thank you all the spirit of understanding and of the dialogue that marked the different actions of the Juridical and Patrimonial Commission, until we could achieve to have a text that is appropriate and is in conformity with the legislation of the OFS.

Now it be applied, after its due enactment in your national fraternity. We hope that this document is to be a help for the growth and maturation of the Secular Franciscan Order in your National Fraternity, and we strongly wish that the spirit of this legislation is more important to you than its letter.

With fraternal affection, your brother

Tibor Kauser  
General Minister OFS
